

43. DCS IN XR (AIC)

CIP Number: CREZ-XIB-43

C2r Hook:

The Defense College of Engineering taught him to build weapons. XR taught him to build futures. This is the story of unlearning.

Unique Proposition:

A partnership with the All India Council for Technical Education (AIC) to deliver drone piloting and counter-drone systems training through extended reality. Veterans teaching veterans. Engineers retooling for peace.

Creative Inception:

2024. Tomar was approached by former KCIA officer Paul (character from GTM universe) with a question: *What happens to soldiers when there are no more wars?* The answer became DCS in XR—a retraining pipeline from combat systems to climate defense systems.

Format:

- Courses, 12 hours total
- Reference: MasterClass, [Outlier.org](https://www.outlier.org) [citation:TOC_CREZ2.pdf]

Cost Projection:

Item	Basis of Estimate	Cost (USD)
XR training module development	VR/AR instructional design	680,000
AIC accreditation process	Regulatory + compliance	210,000
Pilot program (3 defense institutions)	Hardware + instruction	320,000
Total		1,210,000

Proposed Completion: Q1 2027 – Q3 2027
